ENVIRONMENTAL POLICY

I FANTON s.r.l. believes that respect for and protection of the environment are fundamental elements to ensure the company continuous growth and high levels of performance in terms of service and product quality.

I FANTON s.r.l. is therefore committed, by making human, instrumental, and economic resources available, to define and pursue the objectives of continuous improvement of its environmental impact, as an integral part of its activity and as a strategic commitment with respect to the more general purposes.

To this end, **I FANTON s.r.l.** undertakes to:

- ✓ Apply the COP 22 of the RJC code and comply with mandatory national and European environmental regulations.
- ✓ Constantly analyze business activities and processes in order to identify its environmental impact.
- ✓ Monitor its environmental impact through a reporting system.
- ✓ Define improvement objectives aimed at:
 - Contain energy consumption, also through the promotion, as far as possible, of the use of energy from renewable sources;
 - Manage emissions into the atmosphere in order to reduce their environmental impact;
 - Manage the containment of water consumption;
 - Optimize the consumption of materials, raw materials and consumables, through production planning;
 - Manage the manufacturing processes of products in order to reduce the use of substances hazardous to the environment, also acting on the environmental awareness of the interested parties;
 - Manage waste production through waste separation activities in order to recycle and recover;
 - Manage transport and travel through dedicated policies in order to reduce their impact in terms of CO₂ production.
